

**ENGINEERING &  
CONSTRUCTION**

[www.miranbuilders.com](http://www.miranbuilders.com)

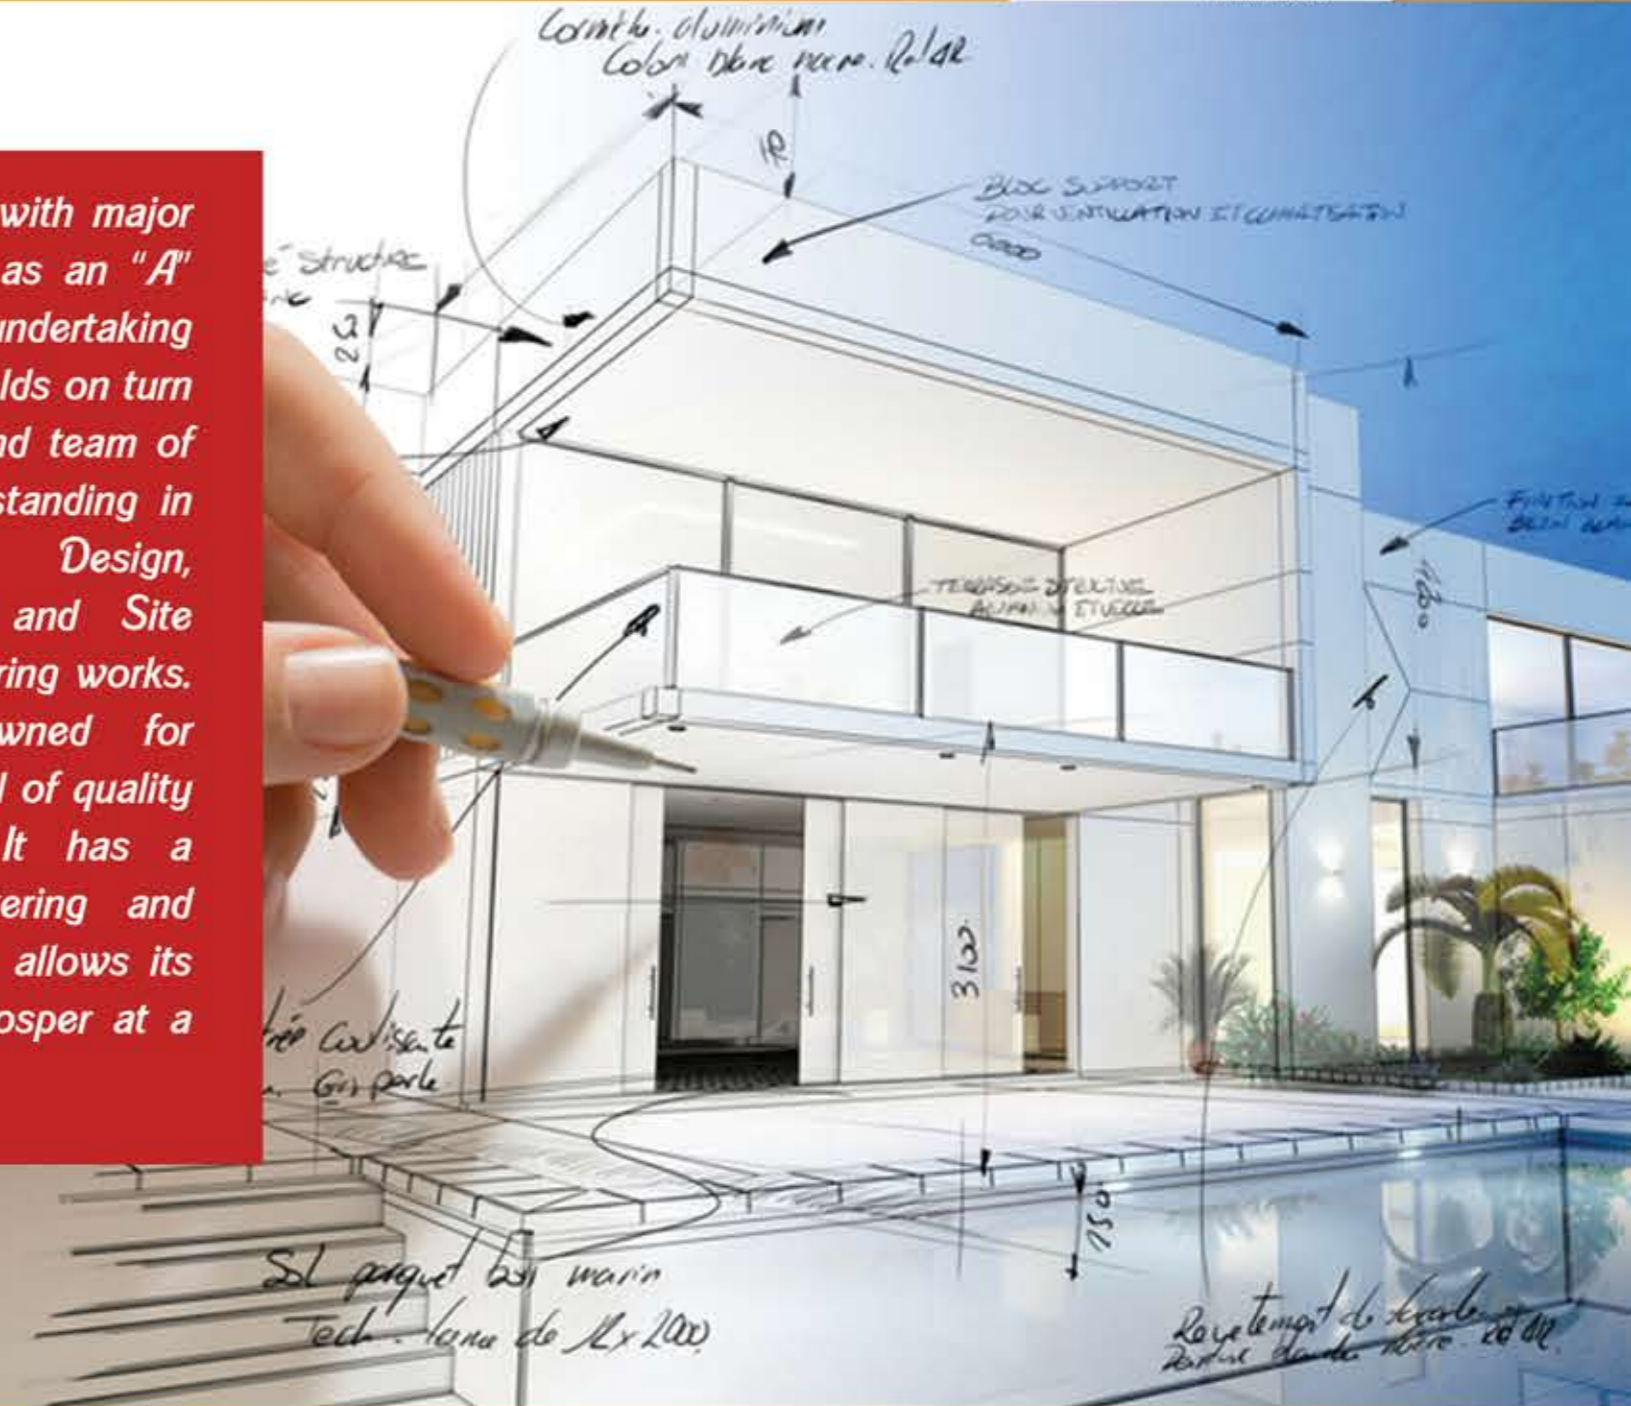

*At our Company, our Design and Construction Consulting Service Team not only helps in eliminating the risks inherent in the construction process but also typically saves our clients 5%-10% on overall construction costs. It also helps make sure projects come in on time.*

## About Us

Our company is registered with major public-sector organizations as an "A" class firm, capable of undertaking projects in the mentioned fields on turn key basis. We carry a sound team of professionals with proven standing in the field of Planning, Design, Estimations, Construction and Site Supervision in Civil Engineering works. Our Company is renowned for maintaining the highest level of quality and meeting timeliness. It has a corporate culture of fostering and encouraging leadership that allows its employees to grow and prosper at a rapid pace.

*Miran Builders Construction Company was founded by Adnan Zafar in 2002. We hold true to the values established by the founder and remain committed to craftsmanship and customer service. We know that our success, in providing quality general contracting services, has always been dependent on the talent and commitment of our employees. We are fortunate enough in acquiring and retaining many talented people who are committed to our company and clients. We are looking forward to do work with you on your construction projects. Kindly review the projects we are proud to have completed.*

## CEO's Message

*"It is a great pleasure for me to welcome you. Our core belief is that we must deliver on the commitments we make to our customers, through being open, trustworthy, giving value for money, attention to details, delivering on time and being easy to do business with. Developed companies not only look into the future but also believe that it's essential to occasionally look into the past from where the struggle was started. We should not expect excellence in the future unless we measure the success of our past, listen to our clients and take the necessary and appropriate actions to meet their needs. As CEO and DIRECTOR, it is my personal belief that these standards have contributed to our growth and success."*
